

### Quality Policy Statement

R Beveridge Engineering Limited as an engineering company involved in structural steel fabrication and general engineering services, maintains a policy to provide a range of high quality services that are consistent with the expectations and requirements of our customers. Our commitment to consistent, high quality performance is met by adherence to our Quality Management System, which serves to establish controls and to foster a culture committed to excellence.

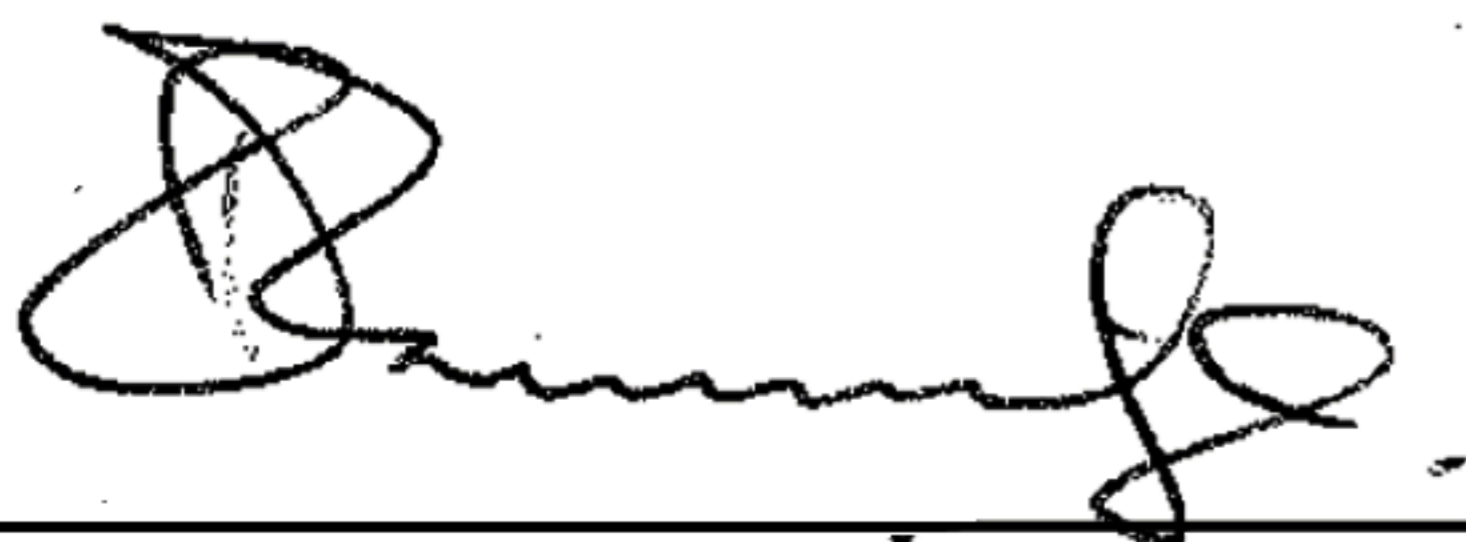

The company is committed to the ongoing improvement of the Quality Management System through the establishment and ongoing review of specific measurable quality objectives, and the involvement of staff in meeting these objectives.

The Quality Policy Manual defines the management organisation responsible for quality. The management team has ultimate authority and responsibility for the effectiveness of the Quality Management System and are responsible for implementing and maintaining the systems described in this manual and in the associated procedures.

It is part of the company's training programme that this policy is understood, implemented and maintained at all levels in the company. This policy will be reviewed on a regular basis to confirm its continuing suitability in assisting with the achievement of the company's objectives.
